

EMERGENCY PROCEDURES FOR UTILITIES

GAS LINE:

If digging and natural gas pipeline damage is suspected:

- If motorized equipment can be turned off safely, do so to prevent the ignition of accumulated gas.
- Abandon the equipment and **leave the area** on foot.
- Do not attempt to restart the equipment until you are told it is safe to do so.
- Do not use any electronic devices including cell phones near the area of the leak.
- From a safe location, away from the gas leak, call:
Intermountain Gas Company Phone number (800) 548-3679
- Do not smoke or light matches near the area of the leak.
- If the gas ignites, do not attempt to extinguish the flames.
- **Call** the fire department at **9-1-1**.
- Keep other people and animals away from the area.
